ANKUR MANDYAL

WEBSITE DESIGNER & UI/UX | AI-ASSISTED FRONTEND DEVELOPER

Delhi, India | +91 9817848089 | me.ankurmandyal@gmail.com

PROFESSIONAL SUMMARY

Multi-disciplinary UI/UX Designer, Website Designer, and AI-Assisted Frontend Developer with 10+ years of professional experience
delivering web and mobile experiences, responsive frontend implementations, WordPress solutions, and high-converting interfaces. Strong
at bridging UX strategy and technical execution, with hands-on experience in Figma, React.js, Next.js, WordPress, Elementor, Divi,
WooCommerce, Tailwind CSS and AI-assisted workflows using Cursor and Claude.

■ Designed web and mobile product experiences end-to-end—from user flows and wireframes to polished UI and developer-ready
screens—across 20+ product launches.

■ Built interactive prototypes and reusable Figma component libraries across 40+ product experiences, improving consistency and reducing
handoff revisions by approximately 30%.

■ Introduced AI-assisted workflows for rapid UI ideation, prototyping, code generation, debugging and refactoring, cutting
concept-to-prototype turnaround by roughly 40%.

PROFESSIONAL EXPERIENCE

UI/UX & WEBSITE DESIGNER | AI-ASSISTED FRONTEND DEVELOPER

Luminoguru Pvt. Ltd. — Mohali, Punjab | April 2019 – Present

■ Architect and implement scalable web applications using React.js, Next.js and REST APIs; accelerate component structuring and refactoring
with Cursor, Claude, Webflow and Lovable.dev.

■ Create responsive UI, design systems, wireframes and interactive Figma/Adobe XD prototypes, translating complex user flows into intuitive,
pixel-perfect experiences.

■ Build full-scale WordPress websites, custom plugins, Elementor and Divi layouts, and WooCommerce e-commerce solutions.

■ Develop mobile-first interfaces using Tailwind CSS, Bootstrap, HTML5, CSS3 and JavaScript with strong cross-browser and performance
considerations.

■ Use AI-assisted workflows for rapid prototyping, bug troubleshooting, state-logic validation, code optimization and design-to-production
delivery.

UI/UX & WEBSITE DESIGNER

Envyus Media Pvt. Ltd. — Mohali, Punjab | August 2018 – April 2019

■ Architected high-converting landing pages, user flows and interactive prototypes for enterprise web applications.

■ Partnered with engineers to deliver pixel-perfect, responsive frontend interfaces using HTML5, CSS3 and Bootstrap.

■ Created brand identity systems, marketing collateral and digital visual assets using Adobe Creative Suite.

PROFESSIONAL EXPERIENCE — CONTINUED
